Subject: NDEE docs

Found the attached on the NDEE portal – documents are not well described so takes a while download and see if you got anything worthwhile. I added the subject matter to the end of the file name to provide some explanation:

1. Letter to AltEn on needing to new existing NPDES permit. Says app due 12/31/21.
2. Email from Tom Buell to NDEE GW folks transmitting a New Fields request for NPDES discharge from:
 - a. AltEn Site
 - b. Johnson Cr

Request is for values for:

- Ammonia
- Nitrate
- Pesticides

Thanks
